

NEW!

SmartGuard™

The smart way to cover your nozzles

- Easy to install – snaps on
- Environmentally friendly – no fuel spills
- No need to remove nozzle from hose
- Area for label – customer logo or advertising
- Recyclable material
- Easy to keep clean

It's so **smart** and **easy**, you may want to buy **naked nozzles** and install the color guard your customer wants.

Easy snap-on installation:

*This model will only fit the 11A type nozzle. Other models available later this year.
